We have collaborated for the past ten years, using cob as our main medium. Cob is a mixture of subsoil, straw and water and has been used as a building material in the South West of England for centuries. We have been commissioned to design, build and project manage both sculptures and public buildings using a variety of sustainable materials. Please see below a selection of our recent work.

Eden Project

- Cob Visitor Facility, Melon Car Park 2001
- Cob Bread ovens 2004
- Fern Seat – Sculptural Cob Shelter 2005
- Cob Hand Print Sculpture 10m long x 3m high, Education Centre, 2005
- Cob Coach Park, Ticket Office and Toilets, 2005
- Multi Media recycled Garden Wall, 2006

Sustrans cycle routes

- 3 Green Oak and Cob Shelters, Clay Pits, Cornwall, 2005

Galleries and Exhibitions

- Torre Abbey – Lasting Impressions and Contemporary Open
- Moorland Centre, Princetown
